## II-SDV 2017 The Meeting

The International Information Conference on Search, Data Mining and Visualization

### The 2017 II-SDV Conference in Nice, 24 - 25 April 2017

The II-SDV meeting takes place in Nice in April 2017 for an intensive two days. Venue is the **Hotel Plaza** in central Nice. The meeting provides an international forum for those in the field of advanced search applications, data and text mining, and visualization technology. The primary focus is on tools for intelligence and the meeting examines the requirements of specialists in scientific and technical information.

The meeting will be of interest to those who wish to update themselves and keep in touch with the leading edge of information search and analysis technologies; it features approximately 22 speakers for the two days. There will be an adjacent, focused exhibition to complement the conference programme.

II-SDV is organised by **Dr Haxel CEM** and **Infonortics**.
