

Patent Drafting

Patents are vital assets for inventions that must be identified, nurtured and guarded for their absolute value to be realized.

Stellarix offers customized, affordable patent support services that translate invention into high quality enforceable patents to cover every aspect of the invention.

Services:

- **Patent Drafting**
- **Patent Illustrations**
- **Patent Proofreading**
- **Office Action Response**

Prior Art Searches

Stellarix offers a broad spectrum of intellectual property services to support law firms, patent attorneys, corporations, organizations and R & D institutes.

Services:

- **Novelty Search**
- **Freedom to Operate**
- **State of The Art**
- **Accelerated Pre-Examination Search**
- **Infringement Analysis**
- **Validity Search**

The team at Stellarix brings a range of technical engineering experience to patent searches to support our clients with timely and comprehensive technical research. We, at Stellarix conduct comprehensive text based, classification based, assignee-inventor based, and citation based searches for patents on various professional patent databases and non-patent prior art searches on multiple literature and journals.
