

ICIC MONTREUX 1989 conference proceedings

Chemical information as a commercial marketplace E. Garfield	1
A policy for science and technical information in chemistry J.M. Czermak	13
Molecular modelling in drug design G.W.A. Milne, J.S. Driscoll, V.E. Marquez	19
Industrial drug design: realities and prospects G. Moreau	41
Introducing and managing end-user systems A.R. Haygarth Jackson	47
Chemical information education E. Zass	55
An integrated information system for the bench chemist H.K. Kaindl	63
Obtaining chemical, environmental and chemical engineering information with NUMERICA M.R. Green	71
Information and strategy in patenting E. Thouret-Lemaître	75
Information needs for TSCA and FIFRA S.D. Jellinek	79
What's in a claim E.S. Simmons	93
Patent information and documentation in Italy A. Rolandi	105
Patent searching ain't what it used to be S.M. Kaback	115
Hypertrophic generic structures in patent claims: an extravagance and a remedy for it C. Suhr	131

ICIC MONTREUX 1989 conference proceedings

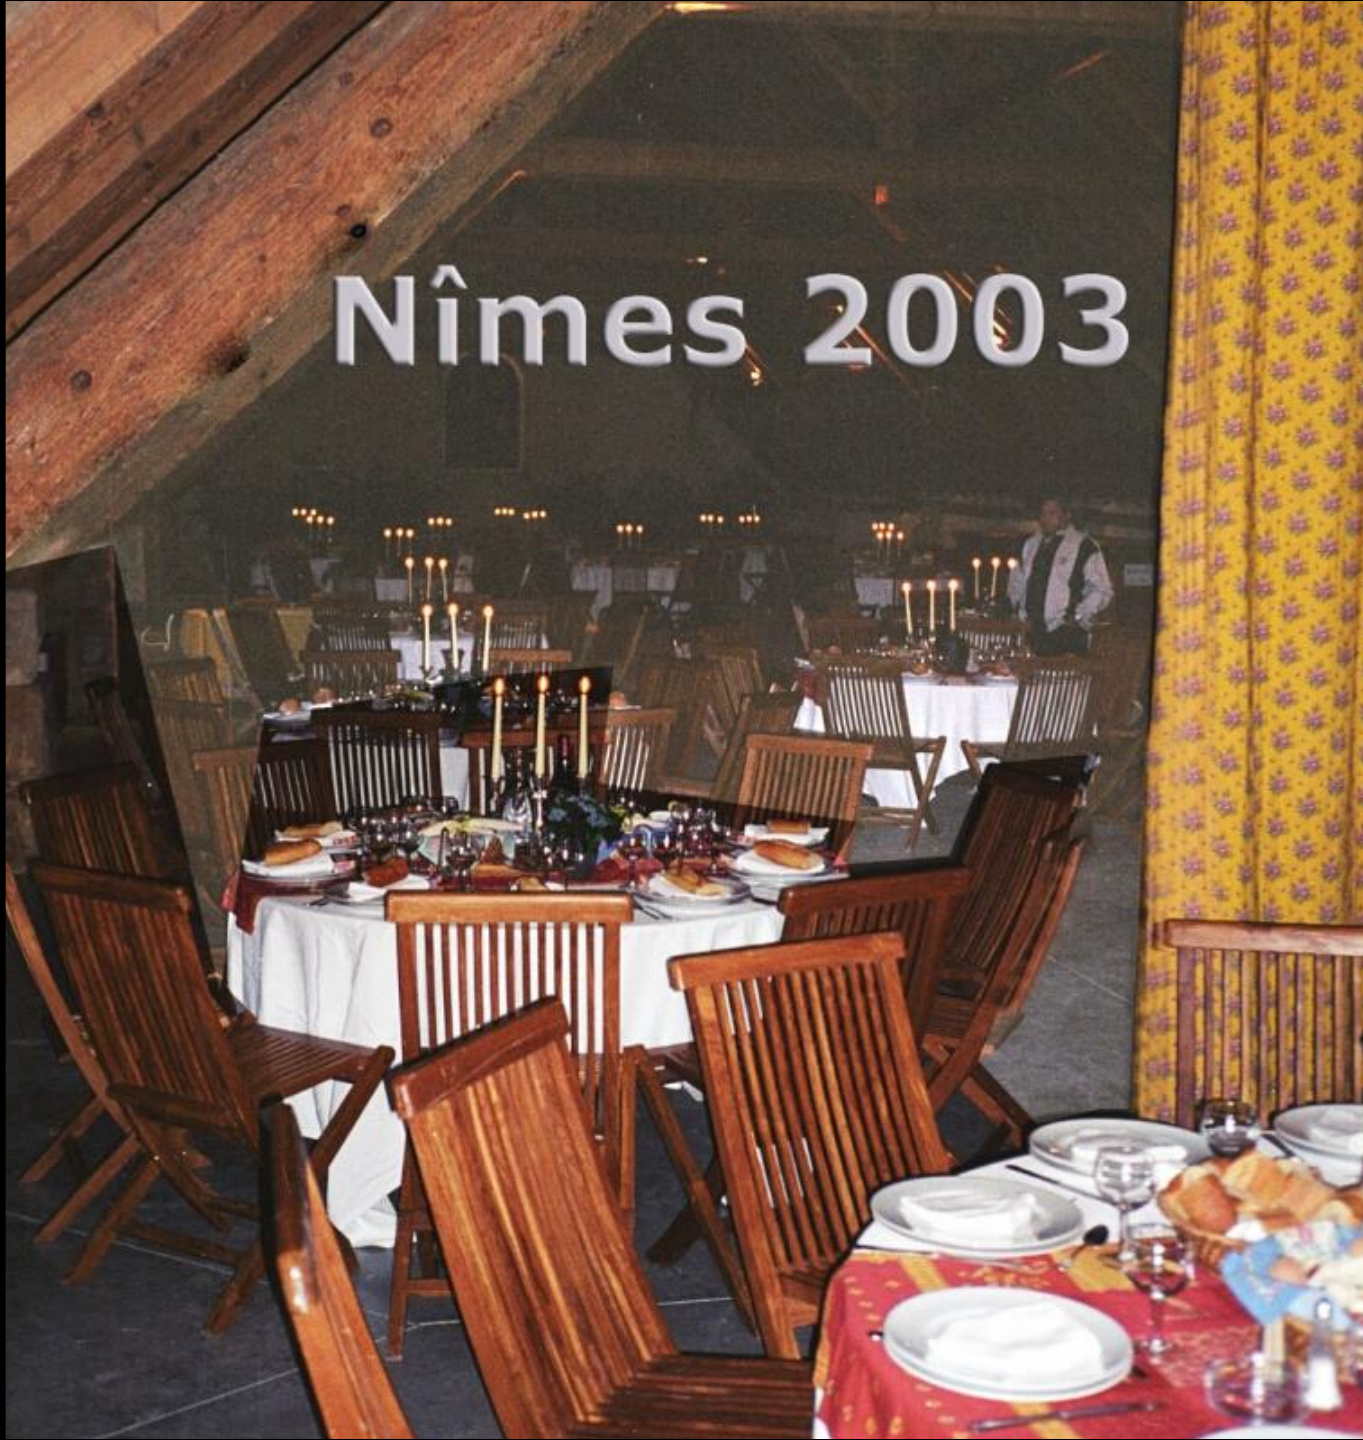

Patent statistics searching: practices and pitfalls N. Lambert	141
Generic chemical structures in patents — an evaluation of the Sheffield University research work M. Lynch, G. Downs, V. Gillet, J. Holliday	161
Design and production of a pharmaceutical patent database: a patent office experience. C. Roesch, C. Pagis	175
Present and future EPO systems for automation of the search in Directorate General 1 A. Nuyts	187
Chemical substructure searching on CD-ROMs L. Domokos, C. Jochum, H. Maier	191
Numerical databases for chemists: present and future D.R. Lide	201
Standard representations for chemical information J.M. Barnard	209
Integrating standard DBMSs functionalities and structures handling capabilities: the DARC approach J.P. Gay, H. Alardo	221
Bioactive natural products database: an aid for natural products identification J. Berdy, M. Kertesz	237
Processing of chemical structure databases using parallel computer hardware H.M. Grindley, M.F. Lynch, G.A. Manson, E.M. Rasmussen, P. Willett, G.A. Wilson, T. Wilson	253
The automated structure elucidation system — CHEMICS K. Funatsu, S. Sasaki	271
Easy mapping classification of patent references with microcomputers H. Dou, P. Hassanaly, L. Quoniam	283
Author Index	311

High-quality, reliable
content for precision
searching

- A unique worldwide collection of high-quality databases
- CAS databases, Derwent WPI, & InspecDB on one platform
- Searching, analysis, visualization, reporting, & full-text delivery tools
- Excellent customer support

The image shows a woman with dark hair, wearing a black blazer over a green top and a lanyard, sitting at a booth. The booth is decorated with a large pink banner for 'IC SYNTH' and 'InfoChem's Powerful Synthesis Planning Tool'. The banner features a woman in a lab coat and various chemical structures. To the left, there is another banner with the text 'Materials' and 'Database'. On the table in front of her, there are several brochures, including one titled 'FACTsheet' and another titled 'Central-Blatt'. A white coffee cup is also on the table.
